Dog Fouling – a continual problem in the village especially in Keldspring Lane.

Kerbing works at Beckside – was completed just before Christmas. A great improvement after the erosion of the grass verges the previous year. Members decided as custodians of the VG's it was an important issue to preserve the greens.

102 (Ceylon) Squadron – BMPC continues to support the Squadron, wreaths are laid during the Re-Union weekend and at the Remembrance Sunday.

School/Holborn Estate parking problems – PC arranged a survey with ERYC to convert the grassed area near Holborn Estate/The Orchard into parking spaces. This proved too expensive at the moment. Members looking into other options as car parking is a safety problem for the children.

Wild Life area at Beckside – still a very active group, Councillor Martyn Smith is the PC representative on this committee.

Speed through the village B1246 – the Police are looking into a Community Speed Watch Scheme, when they ask for local volunteers to be trained into speed checking vehicles. Registration numbers are recorded, and when the same vehicle is recorded speeding on several occasions the Police will intervene and liaise with the driver.

Questions from members of the public:

Speeding through the village – Mrs Emmison thanked the Parish Councillors for giving their time on the PC. She mentioned concerns about speeding, and discussed the site for the zebra crossing is unsuitable and a hazard to use. She offered to be a volunteer for speed checks but asked if the Police could carry out checks in the meantime.

Website – Mrs. Emmison said the website was rather bland and could we promote current activities locally.

Pocklington Neighbourhood Development Plan – Mr. Spencer was concerned about the question in their questionnaire relating to Pocklington and BM remaining separate settlements.

Refuse Bins – Mr. Jeffreys said the refuse wagon was damaging the VG when crossing and turning into the beck bridge at Beckside, and missing collections at the cottages on his side.
